HOW necessary is it that our modern hotels should be exponents of the true art of living! The St. Denis is a practical exemplification of this great principle, for here one can find not only the choicest viands the markets afford, but also prepared and served in the most tempting and delicious manner.

Its enlargement during the past two years by a commodious and handsome addition, in which no pains and expense were spared, is evidence of the growing popularity of this well-known house. In its appointments, decorations and modern equipments it is *par excellence* one of the leading hotels of the metropolis, while the service and attendance are most admirable in every detail and particular.
